

GOOD BYE

The ship is sailing down the bay
Good-bye my lover good-bye
We may not meet for many a day
Good-bye my lover good-bye.

Refr.:

*By low my baby, by low my baby
By low my baby
Good-bye my lover good-bye.*

My heart will ever more be true
Good-bye my lover good-bye
Thi' now we sadly say adieu
Good-bye my lover good-bye.

Refr.

Then cheer up till we meet again
Good-bye my lover good-bye
I'll try to bear my weary pain
Good-bye my lover good-bye.

Refr.

Tho' far I roam across the sea
Good-bye my lover good-bye
My every thought of you shall be
Good-bye my lover good-bye.
